Continuation of any Work under protest, either by written direction of the Subcontractor, or by written notice of the Sub-subcontractor that such Work is being performed under protest, shall not prejudice any right or remedy of the Sub-subcontractor to receive fair and reasonable payment for the Work done under protest or for materials furnished or equipment provided to execute such Work done under protest.
- 25.4 Should any dispute arise between the Subcontractor and Sub-subcontractor in any way pertaining to this Sub-subcontract, that is related to a dispute between the Prime Contractor and the Subcontractor or between the Owner and the Prime Contractor, such dispute shall be disposed of in the same manner, by the same Arbitrator or Arbitration panel, at the same time, and in the same hearing as the dispute is to be disposed of as agreed between the Prime Contractor and the Subcontractor or between the Owner and the Prime Contractor.
